Subject:-Faculty exchange programme for the academic year 2020-21

Respected Sir,

With reference to above mentioned subject I want to state that to expand the scope of learning experience to students, to get more realistic perspective and to update the academic, as per the revised guideline of NAAC, collaboration is expected with the academic institutions. We are interested to conduct the collaborative activities under the **Faculty Exchange Programme** for exchanging the resources of both the institutions through the virtual mode on Google Meet platform due to current pandemic situation.

As an initiative of this activity, Dr. Vilas R. Jadhavar from our college will deliver the lecture to the students of M.Sc. Part-I class of your college on 22 to 24 Dec.2020 and Dr. Sachin V. Bangale will deliver the lecture to our students of M.Sc. Part-I class on 10 to 14 January 2021.

Kindly approve the same and oblige.

(Activity Completion Letter)

Dear Sir,

We are thankful for arranging the online webinar (Institutional Training Program) on Clean Energy Sources and Solid Waste Management for the students of our College on July 24, 2021.

Dr. N. S. Lingayat explained the facts about the Present Energy Scenario, explained basic and applications of Clean Sources of Energy, and Solid Waste Management. He also discussed various case studies in detail.

72 Participants attended the online webinar.

Thanks and regards,

Yours Sincerely

One-day workshop on Energy conservation save electricity

10/01/2020

Activity Report

Name of the activity	:	One day workshop on Energy conservation save electricity
Name of organizing committee	:	IQAC and Department of Physics
Organized in collaboration with	:	IOPE, Lonere
Name of Resource person	:	Dr. Nitin Lingayat Head, Electrical Engineering department IOPE, Lonere
Date	:	10 th January, 2020
Venue	:	K.E.S. Anandibai Pradhan Science College, Nagothane.
Aims-		<ul style="list-style-type: none">➤ To explain the energy & power scenario of India➤ To evaluate the value of energy-saving devices.➤ To explain the working principles of different household domestic appliances.
Outcomes		<ul style="list-style-type: none">➤ facilitate the students to achieve a clear conceptual understanding of technical and commercial aspects of energy conservation➤ enable the students to develop managerial skills to assess feasibility of alternative approaches and drive strategies regarding energy conservation➤ Analyze electrical systems for energy conservation. Understand the working principles of different household domestic appliances
